

CPS HUMAN RESOURCE SERVICES SELECTS ISCOPIA'S PLATFORM

Montreal, June 27th 2009, for immediate release.

Iscofia Software (Iscofia) , an award-winning Montreal based assessment technology developer announced today that it has signed an agreement with CPS Human Resources Services (CPS) , a California based public agency providing services to the public and nonprofit sectors.

Under the agreement, CPS will use Iscofia's platform to customize and deliver employment and assessment services online while Iscofia will make CPS' products available to its clients.

"We are delighted to have the opportunity to work with CPS" said François Plamondon, President and CEO of Iscofia." They are recognized as industry leaders and their adoption of our platform validates the fact that our development team has built tools that uphold the highest standards of quality and security."

Using Iscofia's platform, CPS will now be able to deliver its services online, in any location and language.

"We have searched long and hard for a technology that would be innovative, secure and customizable and we have found it at Iscofia" said Jerry Greenwell Chief Executive Officer of CPS. "Iscofia was the only platform that satisfied all of our criteria."

Iscofia will also make CPS' content available to its own client base as part of its suite of qualification services. Said Paul Blanchard, Iscofia's CTO and founder: "CPS brings a unique expertise in the Government Services industry. We are now in a position to offer access to CPS' outstanding content to all our subscribers."

About Iscopia

Iscopia provides web based products and software on demand technology (SaaS) that helps managers and recruiters make sound hiring, employee development and succession decisions. Our award-winning technology is easy to use, fast and cost-effective.
